Objective

Junior Data Analyst with hands-on experience in data cleaning, analysis, and visualization using Excel, SQL, Python, Power BI, and Tableau. Skilled in transforming raw data into actionable insights to support data-driven decision-making and business performance improvement.

EDUCATION

Alexandria Higher Institute of Engineering & Technology (AIET)
Bachelor of Engineering — Expected Graduation: 2027

Digital Egypt Pioneers Initiative (DEPI)
Data Analytics - Data Analyst Specialist | 2025 - Present

TECHNICAL SKILLS

- Excel: Pivot Tables, Power Query, VLOOKUP, Dashboards
- SQL: SELECT, JOIN, WHERE, GROUP BY, Aggregations
- Python: Pandas, NumPy, Data Analysis
- Power BI: DAX, Data Modeling, Interactive Dashboards
- Tableau: Data Visualization
- Data Cleaning & Preparation
- Exploratory Data Analysis (EDA)
- KPI Reporting & Business Insights

PROJECTS

HR Analytics Project | Excel

- Analyzed HR data to evaluate employee attrition and workforce trends.
- Cleaned and organized raw HR datasets to ensure data accuracy and consistency.
- Used Excel functions, Pivot Tables, and charts to perform analysis and generate insights.
- Created clear visual reports to support HR decision making.

Power BI Dashboard Project | Power BI

- Developed an interactive Power BI dashboard to visualize key business performance metrics.
- Performed data preparation and transformation to ensure clean and accurate inputs.
- Utilized Power BI features such as Data Modeling, DAX measures, and slicers to enhance insights.
- Delivered visual reports to support stakeholders in monitoring trends and making data-driven decisions.

Excel Data Analysis & Dashboard | Excel

- Performed data analysis using Excel to extract insights and identify key patterns.
- Cleaned, organized, and transformed raw data to prepare it for reporting.

- Built interactive dashboards using Pivot Tables, charts, and Excel functions.
- Summarized analytical findings into clear visuals to support business decisions.

Training & Certifications

- Data Analysis Training – Microsoft Egypt & MCIT
 - Digital Egypt Pioneers Initiative (DEPI) – Data Analysis Track
 - Data Analysis Training – Sprints
